

# **New Big Plan Ideas**

# Introduction

- We have completed a Plain English and Easy Read document with some **ideas** for the new Big Plan

- These are based on:
  - The **current Big Plan**
  - Things you have told us at **Planning Together**
  - Things you told us about what you would like to **improve in Camden**
  - Things we know are important from other **research** and **other plans** e.g. needs assessment, NHS Long Term plan, We Make Camden

# A plan for everyone

- We want the Big Plan to include actions that support **all** kinds of people, so everyone feels it is for them.

- We know people may need different things. For example:

- people from different ethnic backgrounds
- People of different age groups
- people with different sexualities
- people with different types of learning disability
- Carers of people with a learning disability

# A plan for everyone

- One important time people need support is when **young people move from children's services to adult services**. It is important we get this right.

- We also know there are other times in life when people need extra help.

- We did not write separate sections for each group. But would like to think about what each group needs when reading each part of the plan.

# Table Discussion 1 (15 minutes)

- Do you think we should also have a **work plan** that we & have small work groups?
- Should we bring The Big Plan back to planning together every **6 months**?
- Should the Big Plan now include people from **age 14 +** ?
- Are the sections still right?
  - Knowing where to get support and information
  - Having a home that is right for me
  - Finding and keeping a job
  - Feeling safe and connected
  - Recognising different needs
  - Having difficult conversations

# Choose your table

- **After the break** we will have small groups to focus on different parts of The Big Plan

- Please **choose a topic** you would like to look at - we will tell you the right table in the next slide.

- Feel free to move around different tables if you would like

- Or put your thoughts on the post-it notes on the walls

# Table Discussion 2 (30 minutes)

- What are the most important things for you in this area?

- What do you think of the ideas we suggested? Would you like to add any or make changes?

- How can we meet the needs of young people moving into adult services in this area of the plan. Do you have thoughts on other groups or areas of need we should focus on?
